

FS Industrie

FS Industrie is a systematic type.

An extraordinarily versatile new type system, with 70 variants built around five different widths and seven different weights.

Stylistically, FS Industrie feels direct and simple without sacrificing its humanity. It takes inspiration from German fonts of the 1930s, with their roots in manufacturing and signage. Each width and weight is drawn with subtle variations as you progress throughout the system, ensuring that each variant plays to its unique strengths.

FS Industrie is a response to the changing nature of type, for brands responding to the changing nature of work.

Seventy versatile and distinctive styles.

Carefully crafted to enhance the meaning of our words.

Pack my box with five dozen liquor jugs. Waltz, nymph, for quick jigs vex Bud. Sphinx of black quartz judge my vow. Crazy Fredericka bought many very exquisite opal jewels. A mad boxer shot a quick, gloved jab to the jaw of his dizzy

How razorback-jumping frogs can level six piqued gymnasts! Jaded zombies acted quaintly but kept driving their oxen forward. Six big juicy steaks sizzled in a pan as five workmen left the quarry. The job requires extra pluck and zeal
